Dear future bride

if you are dreaming of a wedding that is designed and curated to perfection while having a stress free day where you can truly be present, the algorithm has brought you to the right place!

With our WEDDING CURATION packages, you can choose an option that suits your budget and dream.

Along with everything listed in our packages they also include a “friend in planning” (yes that's us!) You can ask us for advise, ask us design questions, ask us to solve a problem, but most of all, have fun while we handle the rest!

We are in the business of making wedding DREAMS COME TRUE and we love every minute of it!
